

Playing the Game

Rack Up points

1 Log in to the app. Tap the hamburger icon in the top left corner, then the gear icon. Tap **Log In**. Follow the in-app instructions to finish logging in.

2 Start exploring. Once you've logged in, click around the app to start accumulating points by completing achievements. Every time you complete an achievement, you'll receive a notification letting you know how many points you've earned and provide a hint as to what to do next. Explore the app and hunt down those points!

Check Your Progress

1 Open the Game menu. Tap the Game launch icon. You'll open a page that will show you your current point total, which achievements you've completed, and your current rank on the leaderboard.

2 Check the Leaderboard and Rules. Tap **Leaderboard** to see how you rank against the top 100 players. Or tap **Rules** to brush up on the terms and conditions of the game and learn what you can win.
